

NAME _____

PERIMETER AND PIECES

Measure the sides of each piece.

(Answers may vary since measurement with any instrument is only approximate.)

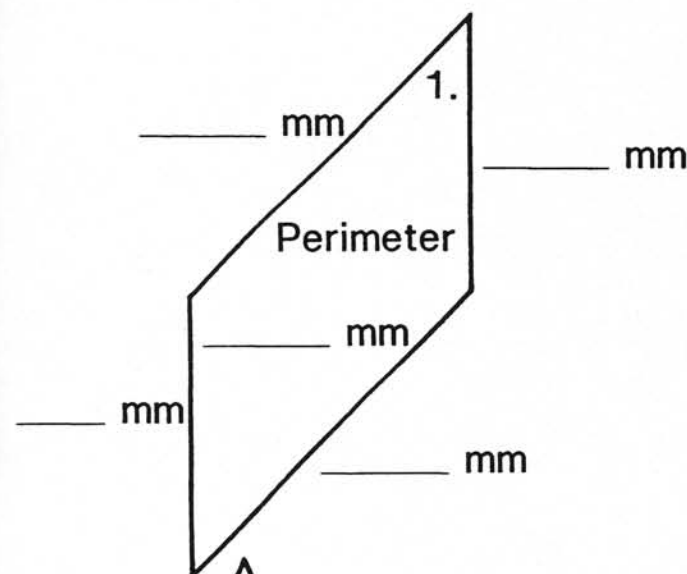

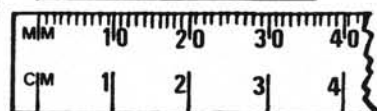

Find the total distance around each, a measurement known as PERIMETER.

36 mm

36 mm

Perimeter

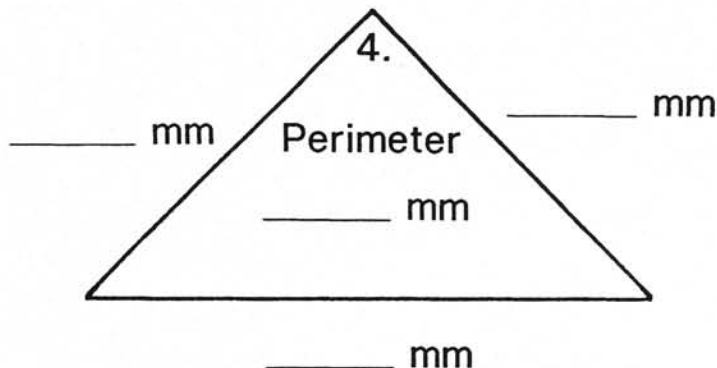

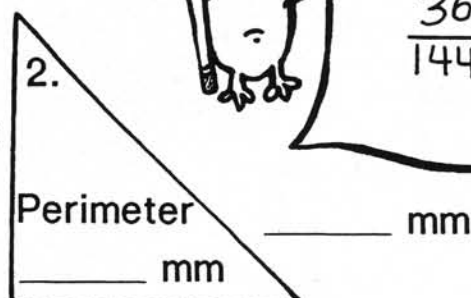

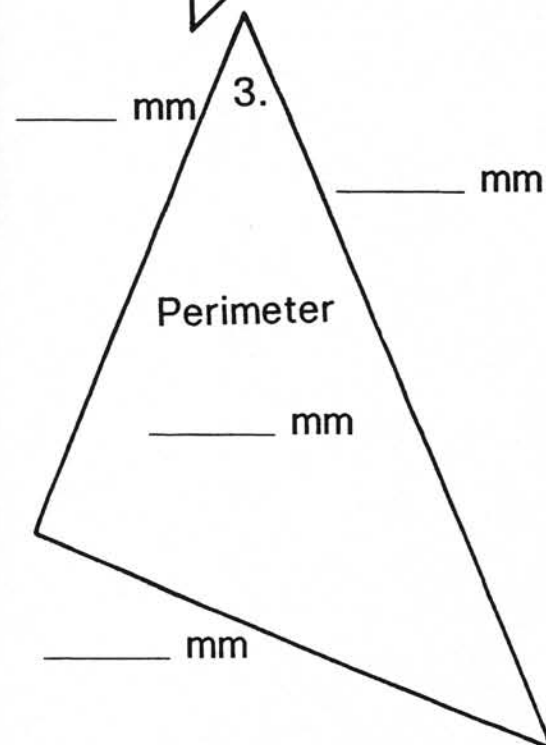

144 mm

Then this perimeter answer changes to 148

Perimeter

36
36
36
36
+
144

CHALLENGE: Make a figure with two pieces and find its perimeter.
